

Rules for filming and photographing the permanent exhibition of the Sybir Memorial Museum or its fragments

1. The Sybir Memorial Museum allows to make videos or photography the permanent exhibition or its fragments for private purposes except those parts of the exhibition that have the information about the ban to photograph.
2. The museum does not allow to make videos and photography the permanent exhibition or its fragments using flash and a tripod.
3. The material gained while photographing or filming cannot be published or distributed in any other way without getting the museum's or entity's agreement that owns all copyright to the expositions presented in the material.
4. Agreeing to use the registered materials is not equivalent to license the further materials.

In case of violation of the above rules the museum can take the case to court.
